

MODOS one

AN ALL-IN-ONE SOLUTION

POWERFUL ROOM CONTROL MEETS DANISH DESIGN

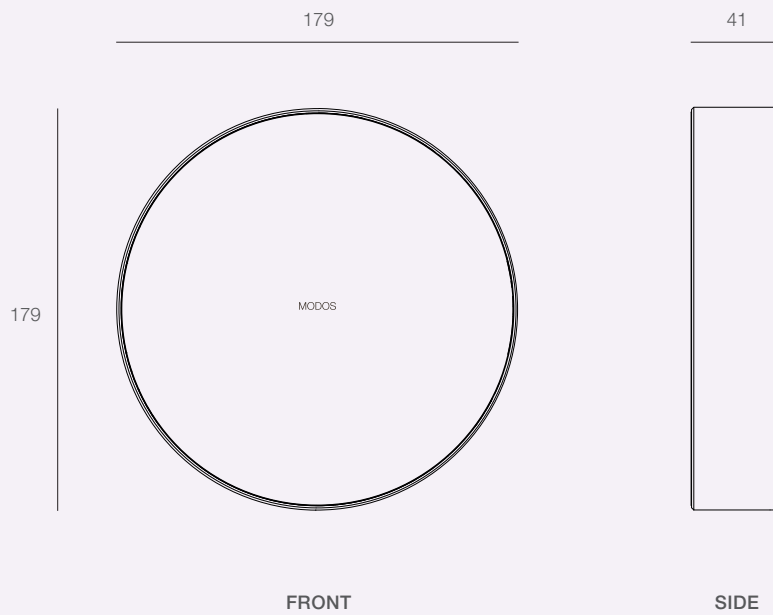

The MODOS one is our solution for creating immersive environments in rooms and spaces through video, audio, and lighting, and offers a full range of cloud-based tools for precision control of all the elements in your space. Our MODOS moods allow you to experience the wind-swept coasts of the North Sea, the verdant forests of Jutland, and much more through dynamic content that is produced in partnership with Danish photographers.

MODOS

DIMENSIONS

Measurements in mm

PHYSICAL CHARACTERISTICS

Face styles

- Oak
- White glass

Mounting

- On-wall cabling
- In-wall cabling

Weight

- 750 g (Oak)
- 900 g (Glass)
